Epworth League, 7:15 p.m. Sittings free. 12th street, mentioned in The Star several days ago as having been selected.

President Echols, who talked to a Star reporter this morning on the political work of the order, said he did not believe, from the situation as it now looks, that the order will indorse the presidential can-didates of any party. When asked about the report that the order had attempted to have some of its principles incorporated in the St. Louis republican platform, Mr.

Archbishop Ireland's Influence.

"I know it to be a fact that the subcommittee of the committee or resolutions had adopted as planks in the platform sections setting forth the opposition of the party to sectarian appropriations, and in favor of restricted immigration. The whole committee killed the section relating to sectarian appropriations and inserted the small crumb in favor of restricted immigration. I understand that the defeat of the plank against sectarian appropria-tions was brought about through the influence of Archbishop Ireland, who was constantly on the watch to prevent any-thing of that kind, and who succeeded in wessley Chapel M. Prayer meeting on Thursday evening. Everybody welcome. defeating the plank. We do not expect that the democratic national convention will indorse any of the principles of the order. In fact, its open opposition to the order may be looked for. We will, therefore, be left in the position of not giving our support as a whole to any of the parties. They have not done and will not do anything for us. The order, however, will get in its work in congressional districts. get in its work in congressional districts

and in state legislatures."
"Will anything be done about examining the records of democratic candidates for the Chicago nomination?" Mr. Echols was

"You will remember that the Supreme Council, which met here, abolished the advisory board and left the matter of the records of the democratic candidates in the hands of the executive committee. There are so few democrats now announced who seem to stand a chance of securing the nomination that we have not yet done anything about looking into their records."

Four Years Hence.

Mr. Echols expressed the belief that the order had gone hastily into politics recently, and that it would be better not to embroil itself any further this year. He thought that four years from now the order would grow to such proportions that it would be sufficiently strong to dictate exactly what it wants to the old parties, and that they will recognize its strength and do what it demands.

The announcement having been made

a.m. No evening service. Sunday school at 9:39 a.m.; Christian Endeavor Society meeting at 7 p.m. 1t several months ago by leaders that the A. P. A. would support whatever party indorsed its platform, Mr. Echols was asked what would be the consequence should the populists meet at St. Louis, put out candidates and indorse the A. P. A. He had not considered that seriously enough to think of it as a probability and did not feel like making an answer.

Mr. Echols Going West.

President Echols will leave here about the 10th or 12th of next month on a lecturing tour of the west, and will probably be accompanied by Representative Linton, who is now in the city. They will speak in Chicago on the 14th of July, and will go from there to Kansas City, Cheyenne and Den-ver. They will spend three days in Colorado, which is one of the strongest A. P. A. states in the country. Later on they will go to Oregon, and wind up in Alaska.

To Fight Mr. Mudd.

From a responsible source it is learned that the A. P. A. leaders of the fifth congressional district of Maryland are preparing to make a strong fight on ex-Congressman Mudd if he is again renominated by the republicans of that district, and as his IASTOR E. HEZ SWEM'S SUBJECT FOR SONday night is "Much About Marriage—We Wed, We Wouldn't Wed," the first in a series of new sermons for Sonday nights in June and July. Preaching at 11 a.m. by the pastor. Free pews. Cool Auditorium. All invited. Second Baptist Church Auditorium, 4th st. and Va. ave. s.e. nomination appears to be almost certain, the members of the order feel that they can begin the fight in advance. An attempt will be made to have the democratic congressional convention nominate a man who will be acceptable to the order, but if this is not done, it is asserted that an independent candidate will be put into the field, and will be supported solidly by the order.

A patriotic meeting, under the auspices of the council at Laurel, Md., will be held at that place on the 7th of July, at which the A. P. A. is expected to make its posi-tion clear. Supreme President Echols, Su-preme Chaplain Gottwald, Supreme Secretary Palmer, Representative Linton and others have been invited, and have accepted invitations to be present and speak.

Charles J. Stockman is the chairman of the A. P. A. congressional committee of the district, and it is said that he will be one of the leaders in the fight against the election of Mr. Mudd.

Talk of a Third Ticket. A story sent out from Louisville is to the effect that the A. P. A. men in Kentucky are not pleased with the result at St. Louis. and, having no idea that any concessions will be made at Chicago, have begun a movement to put a straighout A. P. A. ticket in the field. In connection with the nomination of the alleged A. P. A. party the name of Representative Linton is mentioned, and it is proposed to put a Kentucky man on for second place. The story says that a conference of the leaders will be held in a few days to determine what

be held in a rew days to determine what they will do.

Among those in Washington who are posted as to the aims of the A. P. A. leaders the Louisville story is not believed. President Echols, no doubt, knows what he is talking about when he says the order will take no part in the coming the leader. will take no part in the coming election as a whole. He is a democrat, and for that reason might possibly not be cognizant of the movements of those of an independent turn of mind, but all the chances are that he is aware of all that is being

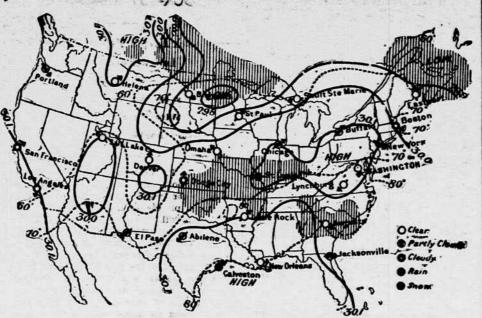

To Give Politics a Rest. Since the quarrel in the supreme council

over the matter of Major McKinley, the majority of the members of the order have felt, it is said, that it would be better for the order to go no further this year in the matter of politics. Of course, had there been an indorsement of the principles of the order at the St. Louis convention the probability is that the strength of the order would have been thrown to that party, but as nothing of the sort was done, the order is not now called upon to give its undivided support to any party.

Explanation of the Flags.

The flags are holsted each day upon the issue of the morning weather map and float until dark. They indicate the weather that may be expected during the following thirty-six hours, but more particularly the last twenty-four hours of that period. They are to be read from the top of the staff downward. If more than one kind of weather is predicted for the period from 8 p.m. to 8 p.m. the conditions first camed in the forecast will be represented by the uppermost fing. When a warning of a "cold wave" is included in the forecast message, the cold-wave flag will be displayed below the proper weather flag.

The temperature flag, when placed above numbers 1, 2 or 8, indicates warmer weather; when placed below numbers 1, 2 or 3, indicates colder weather; when not displayed, the indications are that the temperature will remain stationary.

Rev. Ernst Drewitz Leaves the Concordia Church,

Rev Ernst Drewitz, pastor of the German Evangelical Lutheran Concordia Church, at the corner of 20th and G streets northwest, has resigned his position, to take effect the 1st of August. The resignation of the Rev. Mr. Drewitz, so one member of the congregation puts it, is simply on account of personal reasons. Concordia is one of the largest Lutheran churches in Washington, and puts forth a claim to being the oldest of any denomination in the city, having been founded in 1769. Rev. Mr. Drewitz has proved himself a

very acceptable pastor, being a man of fine education and good oratorical abilities. He has not as yet decided what his future plans will be but it is understood that he has several offers open to him. The congregation has appointed a committee to take in hand the matter of securing ministers from which a choice will be made. The commitwhich a choice will be made. The commit-tee comprises Messrs. F. Imhof, Edward W. Koch, Albert Grupe, William H. Veer-hoff, Dr. John Walter and Louis Kettler. Sunday, the 14th of June, the pulpit was supplied by the Rev. Paul A. Menzel, pastor of a Baltimore church, while tomorrow Rev. Theodore John of New Albany, Ind., will deliver the sermon. Among the other min-isters whose sermons will be listened to by the congregation are the Revs. G. A. Kienle of Lawrenceburg, Ind., and probably the president of the German branch of the

Christian Endeavor.

It is thought the congregation may have a meeting some time during the latter part of July, at which, if they can agree on a suitable man, a pastor will be chosen

COMPLETED AND TURNED OVER. Over an Acre of Floor Space Added

to the Printing Office. Col. J. M. Wilson, in charge of public buildings and grounds, has completed the work at the government printing office, upon which he has been engaged for over a year, and this afternoon he turned over to the public printer the new six-story fireproof building, which he erected upon the site of the old stables, at the west end of the old printery. The work placed in his charge by Congress included the erection of two new buildings, the addition of a story on the old structure, the placing of fireescapes and general repairs. Its completion adds 1 1-15 acres of floor space to the government printing office, and makes a ma-terial increase in the facilities for the dis-patch of public business. One commend-

IN YELLOWSTONE PARK. John L. Stoddard to Visit That At-

tractive Locality for Material. Having been constantly employed in European travel and in his journey around the world, in all the time engaged in the preparation of his lectures during the past sixteen years, John L. Stoddard has been unable to comply with the many requests that have reached him year after year to treat American natural scenery and historic lo-calities in the same brilliant manner that has characterized his treatment of corresponding localities in foreign lands. But the time has now arrived when Mr. Stoddard feels that he can give himself the pleasure and his patrons the novelty of realizations of the enjoyment and profit of travel in his own land. Accordingly, his managers, Messrs. Burditt & North, have arranged for an excursion to study the unique wonders of that most remarkable portion of our domain, the Yellowstone Nadonal Park. Supplied with every facility that the ability and courtesy of the man-agers of the park and of the railroads lead-ing thereto could furnish, Mr. Stoddard and his managers are now busy making their explorations. It is safe to believe that the explorations. It is safe to believe that the attractiveness of our own land will be made especially real through Mr. Stoddard's happy knack of telling of his experiences, aided by the illustrations which will accompany his descriptions. At the same time it is evident that the interspersing of American with European topics will make his courses more popular than ever, and will do a good work in bringing the American people to an appreciation of those remarkable and interesting features of their country which have long been the admiration of European tourists.
